

Centelys

**Nourishing
and soothing
cream
rich in
active plant
compounds**

Centelys skin cream is very rich in active ingredients from plants. It repairs, nourishes and softens the skin at the same time.

Its reparative action is due to panthenol, extracts of centella asiatica and plantain, and essential oils of lavender and helichrysum.

Its ability to nourish skin is due to the inclusion of glycerine, beeswax and olive oil.

Its softening properties come from avocado oil and marigold extract (calendula), which support the skin's repair process.

The soft tube ensures easy application and precise measurement of the amount to use.

Use (adults and children)

Reparative and nourishing skin cream for treating chapped skin, cracked skin.

Usage advice

Apply 2 to 4 times a day on the cracked and chapped areas.
Centelys can be applied to all parts of the skin : hands, feet...

Precautions

Avoid contact with the eyes.
