HELPS TO MAINTAIN A HEALTHY CHOLESTEROL

Cholesfytol®

To stay healthy, it is important to control your cholesterol level, as well as your bad cholesterol (LDL) level. Furthermore, it is also vital to reduce cholesterol oxidation.

USE

Cholesfytol® helps to maintain a healthy cholesterol.

COMPOSITION

A food supplement based on **red yeast rice powder** *(Monascus purpureus)* and **olive dry extract** *(Olea europaea)*.

ACTION

Red yeast rice (rice fermented with the yeast *Monascus purpureus*) contains monacolin K, in a sufficient quantity and a form directly usable by our bodies. Monacolin K helps maintaining good cholesterol levels.

citrinin free

Olive dry contains hydroxytyrosol, one of the most powerful antioxidants and antiradicals found in nature.
The olive fruit contributes to maintaining a normal blood pressure.

PRECAUTIONS

- This product is unsuitable for :
  - pregnant or lactating women, children and adolescents ;
  - those over 70 years of age ;
  - those with liver, kidney or muscular problems ;
  - those taking medicinal products liable to interact (e.g.: cholesterol-lowering drugs) or those intolerant to statins.

If in doubt, please seek advice from your doctor or pharmacist.
