

Enterofytol®

Enterofytol® is a food supplement based on bioactive turmeric extract and fennel essential oil. The combination of these two plants is recommended in case of digestive discomfort with bloating feeling, flatulence and abdominal tension.

MODE OF ACTION

The turmeric rhizome (*Curcuma longa*) contains several substances called 'curcuminoids', of which curcumin is the most important. Turmeric contributes to digestive comfort. The bioactive turmeric extract has been designed to ensure an optimal result of curcumin.

Fennel essential oil reduces the production of intestinal gas in cases of bloating feeling and flatulence.

The combination of turmeric and fennel essential oil ensures a lasting soothing of digestive discomfort.

USAGE

ADULTS

2  twice a day
before a meal for 1 month.

Then 2  once a day.

Enterofytol® should not be taken under the age of 18.

- Do not use for a long period without medical advice.
