

Antimetil®

USE

Antimetil® contains **ginger** that contributes to preserve your digestive well-being.

Antimetil® can be used in the following situations : in case of overeating, disruption to usual diet habits (on holiday for example), during pregnancy, when travelling.

A little tip for you if you are going on holiday : slip some Antimetil® into your bag before you go.

The **natural formula of Antimetil®**, which contains **ginger**, is suitable for adults, children aged 6 and above and pregnant women from the beginning of the pregnancy.

ACTION

A large number of trials, including some involving pregnant women, have helped to show **how reliable ginger is**.

Ginger is very effective, **without causing negative effects**.

Antimetil® contains an extract of **ginger** which is **10 times more concentrated** than a traditional ginger powder.
