

Enterofytol[®] PLUS

Based on berberine and bioactive turmeric extract, Enterofytol[®] PLUS is recommended for digestive discomfort.

MODE OF ACTION

Curcumin, present in large amounts in the dry extract of curcuma, helps to ease digestion. The **bioactive turmeric extract** is designed to improve curcumin absorption, ensuring optimal results.

Berberine, in turn, has the ability to regulate the composition of the intestinal microbiota.

USAGE

ADULTS AND CHILDREN 12 YEARS AND OLDER

1  x in the morning
and 1  x in the evening
with food

Precautions: Do not use during pregnancy, while breastfeeding, or in case of a bile duct obstruction. ▪ Consult your doctor or pharmacist first if you are taking anticoagulants. ▪ Keep out of reach of young children. ▪ Do not exceed the recommended daily dose. ▪ Should not be used as a substitute for a varied and balanced diet and a healthy lifestyle.

INGREDIENTS per tablet

Bulking agent : microcrystalline cellulose ▪ **Berberine 200 mg** ▪ Bulking agents : dicalcium phosphate, basic methacrylate copolymer ▪ Standardised dry extract of **turmeric rhizome (*Curcuma longa*) 49 mg** with 42 mg curcumin ▪ Anticaking agents : silicon dioxide, magnesium salts of fatty acids, talc ▪ Glazing agents : hydroxypropyl cellulose, hydroxypropyl methylcellulose ▪ Colour : iron oxides and hydroxides.
