

EN COLON · DIGESTIVE COMFORT

Enterofytol®

Food supplement based on bio-optimized turmeric extract and fennel essential oil. **Enterofytol®** is recommended for digestive discomfort with a bloated feeling, flatulence and abdominal tension.

ACTION

The **turmeric** rhizome (*Curcuma longa*) contains several substances called 'curcuminoids', of which curcumin is the most important. Turmeric contributes to digestive comfort. The components of turmeric are not easily absorbed by the body. Bio-optimized turmeric extract is designed to improve curcumin absorption, ensuring optimal results.

Fennel essential oil reduces the production of intestinal gas in cases of bloating feeling and flatulence. The combination of turmeric and fennel essential oil ensures a lasting soothing of digestive discomfort.

DIRECTION FOR USE

2 capsules twice a day
before a meal for 1 month.

Then 2 capsules once a day.

Enterofytol® should not be taken by children under the age of 12.

Do not use for a long period without medical advice.

2 x 2 /day
